PROFESSIONAL EXPERIENCE

IT Operations / Systems Administrator (Sole IT) | VIPPINN | Jan. 2025 - Apr. 2026 | Cordoba

- **Managed end-to-end IT operations** as the single point of contact for **100+ employees**, ensuring business continuity, daily support and vendor coordination.
- Administered **Microsoft 365 / Entra ID:** user onboarding/offboarding, licenses, **MFA**, permissions, **Exchange Online, Teams, SharePoint and OneDrive**.
- Operated **Jira Service Management / ITSM:** forms, workflows, boards, permissions, triage, ticket tracking, documentation and continuous improvement.
- Supported **Windows/macOS endpoints** and corporate users: baseline, drivers, software/hardware, **L2/L3 troubleshooting** and remote assistance.
- Strengthened **security operations:** self-hosted Wazuh Manager, Tailscale, KeePassXC, MFA, best practices, incident response and follow-up.
- Contributed to **ISO 27001/9001 documentation and audit/process support:** procedures, evidence, inventories, improvement actions and operational records.
- Managed **Odoo** for IT inventory/email accounts and integrated **15+ biometric devices** with server/Odoo and **GS1-128/UDI** barcode scanners.
- Implemented **automated corporate email signatures in Exchange Online** and endpoint standardization through baselines, drivers and policies.

IT Support / Technical Operations | Aerobyte | Jan. 2022 - Apr. 2026 | Cordoba

- Provided **IT support** to a sister company and external clients: incidents, requests, triage, diagnosis, resolution, coordination and ticket follow-up.
- Resolved **Microsoft 365, endpoint, printer, network and connectivity** requests, prioritizing service continuity and coordination with technical teams.
- Performed **hardware/software troubleshooting**, remote assistance and operational support for internal and external users.

Freelance IT Support / PC and Laptop Technician | Independent | Jan. 2022 - Present | Cordoba

- Performed installations and support for **Windows, macOS and Linux:** tuning, partitioning, migrations, configuration and remote support with **TeamViewer/AnyDesk**.

- Diagnosed and repaired **PC, laptop, GPU and PSU hardware**; performed data recovery, rescue tools and drive-to-drive migrations.

Technical Support Specialist (Apple Ecosystem) | OneClick Cordoba | Jul. 2021 - Aug. 2021 | Cordoba

- Provided professional support for **Apple devices** (Mac, iPhone, iPad and Apple Watch): diagnosis, repair, configuration and user assistance.

Soldier - IT Support Specialist | Contaduria General del Ejercito | Oct. 2020 - May 2021 | Cordoba

- Provided support for **PCs, laptops, printers and LAN/Wi-Fi connectivity** for internal users.

Technical Support Specialist | Pascal Computacion | Nov. 2018 - Sep. 2020 | Cordoba

- **Built my core technical foundation** leading the support area: multi-brand diagnosis, onsite/remote support, ticketing and user communication; trained **2 junior technicians**.
- Built, upgraded and optimized **gaming, office and event PCs**, including OS installation, drivers, hardware testing and performance tuning.
- Performed **advanced hardware repairs**: reflow, Intel socket pin repair, Ryzen CPU pin repair, and capacitor replacement/soldering on motherboards.
- Recovered data from damaged PC/laptop HDDs, SD, microSD and USB drives; contained a **ransomware** case and rescued critical data before propagation.
- Implemented structured cabling and RJ45 patch cables for office LANs; supported gaming events with **MSI** and technical talks with **TP-Link**.

IT DOCUMENTATION AND COMPLIANCE PARTICIPATION

- Collaborated on complete **IT Support area documentation**: procedures, how-to guides, operational evidence, records, internal processes and service continuity.
- Provided documentation support to the **Information Security team** for ISO 9001 / ISO 27001 initiatives, contributing technical information, inventories, evidence and IT documentation for audits/compliance.

CERTIFICATIONS AND TRAINING

- **Microsoft 365 Administrator (Advanced)** | Intertron Education | 2025 - user administration, Exchange Online, Teams, SharePoint, OneDrive, security, compliance and monitoring.
- **PC Assembly and Repair Course** | I.P.E.M. No. 39 Don Bosco / Cordoba Ministry of Education and UNC | May 2018 - Aug. 2018
